RECOMMENDATION

Dear All,

I am especially glad to be able to write a recommendation for my colleague Stefan Despotović. Considering our cooperation during his studies at PIM University, I can say something about his character and work qualities.

Stefan Despotović is an extremely hardworking person who spreads positive energy around him and creates a pleasant atmosphere for work. He performs his duties with quality, sacrifice and maximum effort.

During the preparation of the thesis, on which I was the mentor, I concluded that it is aimed at mastering and acquiring new knowledge, research, learning and constant personal and professional improvement.

Also, I would like to point out that during our cooperation, Stefan showed the ability to empathize and the desire to support others and that he is capable of teamwork.

In the end, I think that as a very talented, versatile and hardworking student, colleague and young person capable of contributing to the development of his environment, he should be given a chance to prove himself. That is why I support his intention to share his experience with you and to continue his professional and practical training in your work organization.

With respect!

Asst. Dr. Ljubica Janjetović
